THE EXPLOITED
BEAT THE BASTARDS

BEAT THE BASTARDS

Slaves to the system and there's no way out
Slaves to the system do you have a shout
You've got to beat the bastards and beat them now
Sick of policies putting me down

Beat the bastards, beat them now
Beat the bastards, beat them now
Beat the bastards, beat them now

Just out of school don't have a clue
No income support for you
Can't get a job don't get a chance
Sick of politics leaving you out

Beat the bastards, beat them now
Beat the bastards, beat them now
Beat the bastards, beat them now

Solo

Money money power and strength
Teenage kids with now't to spend
Hungry homeless who gives a shit
Sick of policies that's leaving me out

Beat the bastards, beat them now
Beat the bastards, beat them now
Beat the bastards, beat them now

Solo

You've got to beat the bastards
Beat the bastards
Beat the bastards
You've got to beat the bastards
You've got to beat the bastards

Slaves to the system and there's no way out
Slaves to a system can you hear me shout
You've got to beat the bastards and beat them now
Sick of policies leaving you out

AFFECTED BY THEM

It's sad to say that children
No longer scared of dead bodies
Pass corpses every day
No longer affected by them

No longer affected by them
No longer affected by them
No longer affected by them

No respect for human life
They've become insensitive
Children all alone
What's the reason why

No longer affected by them
No longer affected by them
No longer affected by them

Once they were best of friends
Now they're enemies
Drawn by the smell
Was the remains of children dying

No longer affected by them
No longer affected by them
No longer affected by them

It's sad to say that children
No longer scared of dead bodies
Pass corpses every day
No longer affected by them

They blame television they blame rave scenes
Blame video nasties and computer games
Blame poverty parents consumer greed
Lack of education but don't blame me

Don't blame me, don't blame me, don't blame me

Blame it on the students religion too
Blame Gerry Adams and Paisley too
Blame young offenders out of control
Blame it on the Army but we blame you

Don't blame me, don't blame me, don't blame me

Blame immigration for the mess you're in
Blame religious cults who don't fit in
Blame the Queen Mother, the NHS
Sick of all your bullshit we just can't win

Don't blame me, don't blame me, don't blame me

Blame it on the students religion too
Blame Gerry Adams and Paisley too
Blame young offenders out of control
Blame it on the Army but we blame you

Don't blame me, don't blame me, don't blame me

DON'T BLAME ME

LAW FOR THE RICH

There's a law for the rich
A law for people like you and me
There's a law for the rich
A law for people like you and me

Fuck the criminal justice bill
Shove it up your arse
Crime's on the increase
They blame the working class

There's a law for the rich
A law for people like you and me
There's a law for the rich
A law for people like you and me

Corruption in the Government
Corruption in the Crown
No justice in a system
That's there to put you down

There's a law for the rich
A law for people like you and me
There's a law for the rich
A law for people like you and me

Fuck with you fuck with me
They think we'll fade away
Tory law, Nazi law, it's just the
fucking same

Fuck with you, fuck with me
They think we'll fade away
Nazi law, Tory law
It's just the fucking same

SYSTEM FUCKED UP

6 arrests and nobody cares
16 years later the people prepare
The verdict's returned set them free
The dirty pig bastards did the same to me

Cover up, cover up
Corruption, corruption
The system's fucked up

Pigs gain promotion they do all the time
Hand shakes retirement their sentence for crime
Their crime should be the same as mine
They should do the same fucking time

Cover up, cover up
Corruption, corruption
The system's fucked up

People locked up all the time
For a crime they didn't do
A cover up what is new
Corruption you've been screwed

Cover up, cover up
Corruption, corruption
The system's fucked up

Pigs gain promotion they do all the time
Hand shakes retirement their sentence for crime
Their crime should be the same as mine
They should do the same fucking time

Cover up, cover up
Corruption, corruption
The system's fucked up

Kids on the streets with fuck all to eat
Kids are starving today
Kids on the street trying to survive
The government continue to lie, lie, lie

They lie, lie, lie, lie
They lie to you

Hospitals shut down all over the country
People suffer each day
Hospital trusts more Tory fuck ups
You and me suffer each day

They lie, lie, lie, lie
They lie to you

One great nation but now it's a shite house
The Tories have done it again
A UB40 is nothing to aim for
The Government's lying again

They lie, lie, lie, lie
They lie to you

Homeless kids lying in doorways
Through no fault of their own
The fault's in the system
But Major won't change it
The Government continue to lie

They lie, lie, lie, lie
They lie to you

THEY LIE

IF YOU'RE SAD

Paranoia consumes my mind
Hearing footsteps from behind me
Mr Depression was his name
One more suicidal nut case fantasy

If you're sad he'll take your brain
Your brain, your brain, your brain
All he wants is to destroy you
You don't really understand me
Watch out terrorizing me

Feeling depressed now every day
For the last three weeks of my life
Listen to the same bullshit everyday
Slowly torturing me driving me in sane

If you're sad he'll take your brain
Your brain, your brain, your brain
All he wants is to destroy you
You don't really understand me
Watch out terrorizing me

It's a wonderful world they tell you
Arsehole try some reality
Tears of depression that cover your face
You come across a lonely man who looks in pain

If you're sad he'll take your brain
Your brain, your brain, your brain
All he wants is to destroy you
You don't really understand me
Watch out terrorizing me

Rules are made to put you down
Rules are made to put you down
They laughed at you when you are down
Can they survive if swapped around

Fight back don't give in
Fight back don't give in

Spend your money on royal displays
Shut your mouth go away
All that money thrown away
It's not fair on those who paid

Fight back don't give in
Fight back don't give in

Mother steals to make ends meet
And I got busted selling speed
Got no future got no job
They won't admit they got it wrong

Fight back don't give in
Fight back don't give in

Spend your money on royal displays
Shut your mouth go away
All that money thrown away
It's not fair on those who paid

FIGHT BACK

No family left all dead and gone
A world of destruction is all you come to know
It's a dying crying poverty show
No reason for change the money men say

Massacre of innocents
Massacre of innocents
Massacre of innocents

People just struggle to say alive
In the city of chaos someone's gonna die
Children of the war zone
Playing in the snow

Massacre of innocents
Massacre of innocents
Massacre of innocents

A single bloody act of terror
Shattered war torn Sarajevo tonight
Claimed the life of innocent children

Massacre of innocents
Massacre of innocents
Massacre of innocents

Take a look down from above
Corruption destruction
The American way

MASSACRE OF INNOCENTS

POLICE TV

Do you live in a TV nation
Cameras focused on street situations
Walk the streets they see what you do
Police TV following you

Police TV
Watching me
Police TV
Categorising you

Police TV is watching you
Police TV with their video crew
Cameras lie as they focus in
You'll never know 'cos you can't get in

Police TV
Watching me
Police TV
Categorising you

Put up cameras every day
What next will they take away
Maybe your voices maybe your mind
TV station invading your lives
Police TV
Watching me
Police TV
Categorising you

Police TV is watching you
Police TV with their video crew
Cameras lie as they focus in
You'll never know 'cos you can't get in

SEA OF BLOOD

What have you been doing for so long
You're all talk you don't know what you say
No one's got a solution now
Madness in a world today

Washed away in a sea of blood

Murder is the name of the game now
You can kill with just one shot
Psycho is my occupation
Murder is my only thought

Washed away in a sea of blood

Our life is one now of darkness
Day by day life flashes by
No one gets any justice now
Victims in a sea of blood

Washed away in a sea of blood

What have you been doing for so long
You're all talk you don't know what you say
No one's got a solution now
Madness in a world today

Washed away in a sea of blood
